CIEH Level 2 Award in Health and Safety in the Workplace

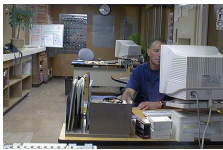

Employers are responsible for providing safe and healthy workplace conditions and have the right systems and methods for safe activities.

Employees have a vital part to play in the equation. They need the right knowledge and the right attitude which demands proper training in the basics of health and safety as well as specific training for individual tasks.

Good health and safety standards rely on employers and employees working together to reduce risks.

The CIEH Level 2 Award in Health and Safety in the Workplace is based on the Foundation Certificate in Health and Safety, with new and updated content - for example, sections on working at heights, transport, noise and vibration.

The qualification can be tailored to business and individual needs to make the learning experience relevant and fit for purpose.

Office Safety

Who needs this qualification?

This new qualification is designed to ensure that all employees are aware of their own safety and the safety of customers, contractors and the public. It is applicable in any private or public sector environment.

Benefits

- Provides employees with an understanding of the principles of health and safety
- Enables employees to contribute to any health and safety management system
- Develops an understanding of:
 - responsibilities placed on employers and employees
 - hazard, risk and the main causes of harm to workers
 - the importance of following systems, procedures and rules
 - how individual action can reduce risks to health and safety
- Allows for training to be adapted to meet specific needs

Assessment

The course is followed by a thirty question multi-choice examination paper, which may be conducted orally.

Candidates achieving twenty or more correct answers will be awarded the CIEH Level 2 Award in Health and Safety in the Workplace.

In-House Training

The 6 hour course is offered on an in-house basis at your premises for a maximum of 20 delegates.
