

## Aims & Objectives

*To give candidates confidence, and skills to deal with a first aid incident.*

*The candidate will:-*

- *Be aware of the current first aid protocols*
- *Be aware of the reporting procedures for accidents/injuries*
- *Be able to prioritise a multiple casualty incident*
- *Be skilled in CPR and current first aid techniques to deal with medical emergencies*

*This course is designed to fulfil the employer's requirement to assess the first aid needs of the business and to ensure that adequate numbers of 'suitable persons' are provided to administer first aid.*

*'Suitable Persons are those who have received training and acquired qualification approved by the HSE.*

*This two day course can be conducted at your premises for a maximum of 12 candidates .*

## First Aid for Pre-School Children

First Aid for Pre-School Children is a 12 hour training course that is especially designed for carers of young children in any environment. It is specifically designed for school and nursery staff, parents and play leaders.

The course meets the requirements of OFSTED and the HSE recommendations for First Aider's and can be linked to NVQ units.

Delegates on this course will receive an attendance certificate to show that they have received training under The Health & Safety (First Aid) Regulations 1981 (supported by an Approved Code of Practice, revised 1997) & updated 2005.

### Course Content

This course is highly participative and delegates will take receive range of suitable first aid subjects including:

- Aims and principles of first aid
- What to do in an emergency
- Recognition of emergency illness
- Asphyxia - care of a choking casualty
- Cardio-pulmonary resuscitation (CPR) infant/child/adult
- Assessment and treatment bleeding and shock
- Assessment and treatment of fractures
- Assessment and treatment of burns and scalds.
- Dressings
- The first aid box and accident book

### Course Instructors

Our instructors are recognised HSE (Health & Safety Executive) first aid trainers and have extensive experience in their field

### Course Structure

Numbers on the course are strictly limited to allow time for all delegates to practice the various first aid techniques.

Each course can accommodate a maximum of 12 delegates.

### Course Locations

The course is offered in-house. It will require the provision of a suitably sized room to allow all candidates adequate space to practice CPR on a resuscitation dummy. There is no end of course test; certificates will be issued on the basis of tutor assessment of the candidate's skills. Full candidate notes will be supplied.
